

Logitech Tap Room Solution for Microsoft Teams Medium(TAPMSTMEDIUM/1)

Logitech Room Solutions for Microsoft Teams include everything you need to build out conference rooms with one or two displays. The 'Medium' bundle comes preconfigured with a Microsoft approved mini PC, Windows 10 IoT Enterprise, a PC mount with cable retention, Logitech Tap touch controller, Logitech Strong USB 10m cable, Logitech Rally (conference camera, 1 x speaker, 1 x micpod), Logitech Rallymounting kit and Logitech JumpStart (90 days).

Transform midsize rooms to a Teams meeting place with one-touch join, always-on readiness, and center of room control.

The user experience centers around Logitech Tap. Featuring a comfortable touchscreen and silent, fan-free design, Tap connects to the host Chromebox with a plenum-rated Logitech Strong USB cable. Participants enjoy studio-quality video and audio with Logitech Rally, a premium conferencecam system with RightSense technologies including RightSight auto-framing.

A range of mounts and audio extensions, plus solutions optimized for small and large rooms, means you can equip every meeting space in the workplace with touch-controlled Microsoft Teams Room.

Key Selling Points

Logitech Tap features a comfortable touch screen, easy content sharing, and center of room control

Rally conferencecam system features Ultra-HD optics, modular audio, thoughtful cable management, and RightSense technologies including RightSight auto-framing

Optional table, riser, and wall mounts make it easy to secure Tap in the right position for convenient operation
