- Zoom Rooms Certified Camera
- Automatically focus framing on narrator during the conference through voice tracking.
- Automatically adjust the frame based on attendees' seating with up to 121° wide-angle FOV.
- 4K UHD resolution and 5x digital zooming.
- Stereo speaker and 4 array microphone with 3A audio (AEC/ANS/AGC) processing technology*

*Remarks:
AEC: Acoustic Echo Cancellation
ANS: Automatic Noise Suppression
AGC: Automatic Gain Control

Product **Description**

The ViewSonic All-in-one conference camera is designed to enhance the video meeting experience for all the participants. Its 4K UHD resolution and 121° super wide-angle lens efficiently capture the whole room regardless of seating arrangements. The voice tracking feature of its built-in microphone paired with a 5x digital zoom ensures that the speaker will always be inframe. It comes complete with an stereo speaker and a 4 array microphone with noise and echo cancellation technologies to ensure participants can hear and be heard loud and clear.
